Vol. 1-15

G-sept-2016 11/10

During their first college summer, Rika and Tokada get thrown around by Tokio, Tokada's home tutor. In the midst of this, Tokada leaves a deep impression on Rika when he tells her that he is pretty unaffected with the way things are, leading Rika to suddenly become aware, with overwhelming pounding heartbeats, that Tokada is an idiot. Her sister Tane also warns her by telling her that the "good boy" is closer to his limit, even criticizing Rika, saying, "You're just scared, aren't you?" With this, Rika completely loses all self-respect as an older sister. As a last resort, Rika tells her troubles to her best friend Yui, who has been through all of these trials of love, but she unexpectedly makes Yui jealous instead, which only troubles Rika. Now to top things off, while her relationship is at its best, Jisaku, the sister of Yui's boyfriend, has missed her period...!!
